Number of pupils with an EHCP	17 + 9 awaiting assessment phase completion	

Students are identified using a variety of indicators including baseline assessments, regular LUCID testing for Reading/Spelling, Access Maths testing, Spence anxiety testing and school's internal progress data and, when necessary, Speech and Language or Educational Psychologist assessment. We currently have one additional pupil awaiting EP assessment.

Provision for students is determined by the needs of individuals and the barriers to learning they posed and will be used in order to decide the intervention offered.

SEND Team:

- Toni Grainge has been supporting the Identification of pupils needs through regular SEND assessment
- Kerry Kirkman has joined the SEND team and is supporting the Implementation of interventions which are well planned and discussed weekly by the SEND team.
- Hayley Blane is responsible for measuring the Impact of interventions and further planning to support pupils' needs.

Updates to SEND offer:

- The new building has allowed for a TA base for pupils to access their intervention sessions privately
- A new Home Tuition Hub has been established, which is currently being used for online education for pupils who cannot access school
- Google Classroom has been set up with all pupils having access to online intervention and teaching
- Class DoJo is being used to communicate regularly with parents and pupils to ensure all pupils are supported at home and are supplied with therapeutic and academic work, as well as feedback from teachers
- All pupils are offered a school place during the Coronavirus pandemic and all interventions and therapeutic offers are in place for those attending school
- New Access Maths tests are being completed in order to offer Maths intervention more precisely to those who need it and in specific areas of need
- New PASS online testing of emotional need is currently being looked into as a potential offer for September 2020
